Internet Safety and Cyber Bullying

We invited Ger Brick to give a presentation on Internet Safety and Cyber Bullying to 3rd – 6th classes on 21st January 2015.

During his 2 hour workshop Ger used videos, worksheets and question and answer sessions. The children were fully engaged throughout and interacted easily with the facilitator. The children were asked to complete evaluation forms and the analysis of the results was communicated to me afterwards.

On the same evening Ger provided an information session to the parents. This was very well received and supported and explored further the whole area of Internet Safety and Cyber Bullying.

I would certainly recommend Ger Brick as a very professional and articulate facilitator, dedicated to enabling staff, pupils and parents to be fully informed on the whole area of Internet Safety and Cyber Bullying .
