

Internet Safety and Cyber Bullying Presentations for 4th, 5th, and 6th Classes

To Whom It Concerns

As part of our Anti-Bullying Policy we decided to invite Ger Brick to Lissivigeen N.S. to give a presentation to our 4th, 5th, and 6th classes.

Ger was with us for a day in October 2014. He adapted his presentation to suit our needs and it was perfectly suited to the Internet Safety and Cyber Bullying aspects of our policy.

Ger is an excellent presenter. He was very well prepared with excellent workbook style handouts for the children. He had a self-assessment sheet for the children which he analysed for us and sent on the results a few days later.

Overall, it was an excellent presentation which tied in perfectly with our policy. The feedback from pupils, teachers and parents was very positive.

I would certainly recommend Ger Brick to any school thinking of getting in a speaker on Internet Safety and Cyber Bullying.
