Ger Brick visited our school in October 2014 to deliver a talk on cyber bullying and internet safety. He addressed 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> class separately, with each talk lasting roughly one hour, depending on the amount of questions/interaction. Ger has a very good delivery and the pupils were really attentive. He gave the pupils sufficient time to ask questions and discuss their experiences which added to the effectiveness of the whole exercise.

When asked later their opinion of the talk, the vast majority of pupils said that they had learned something and felt better equipped to deal with a cyber-bullying issue in their lives. All the class teachers were highly impressed with Ger's presentation and how well he retained the pupils' attention. I have no hesitation in recommending this excellent facilitator to other schools.

Mise le meas,
